

WHAT ARE ESSENTIAL OILS?

- Extracts from plants
- Highly concentrated
- 50 to 70 times more powerful than herbs

- Wide range of uses, from cosmetics to foods to natural health solutions
- Often the inspiration for synthetically produced pharmaceutical products

CPTG Certified Pure Therapeutic Grade®

100% NATURAL

- A natural way to take care of our health used by ancient cultures
- Similar properties to synthetic drugs with no side effects

THEY KILL VIRUSES & BACTERIA

- Antibiotics cannot penetrate cell membrane
- Essential oils CAN penetrate cells to kill viruses and bacteria

CPTG (All Natural)

- Plants must be sourced from their native (indigenous) growing region
- Rigorous testing assures the presence of desired therapeutic qualities
- Testing guarantees absence of toxins, contaminants, microorganisms
- Purity of oils guarantees no negative side effects or drug interactions
