

Empower Kit

(Diffuser – Water – Peppermint Balls)

Hi, I am (short intro).

Host ... (edify me, how we met, how they know me.)

You will notice that I use a script for today's presentation. This is to show you that anyone can do the dōTERRA business. This is how you do it!

You have been handed three sheets of paper. These have the information we are talking about today. You are welcome to take them home. The three sheets are:

1. **Guide to common ailments** – mark on here what ails you, a member of your family or friend. Other ailments in book.
2. **Oil Summary sheet** – mark on here who you believe would benefit from these oils. Prize for most names.
3. **What are Essential Oils** – this is information on what we are talking about today.

The reason I like you to have these handouts, is because what I have found as we go through the class that there are certain health issues or oils we talk about that you'll find you are particularly interested in, or that you want to know more about.

So what I want you to do is make notes besides the name of that oil or make notes about something that we discuss in the class you want more information on. At the end of the class we are going to go around and answer your questions individually. So just use the handouts as a wish list.

Later we will hand out price lists and an order form.

- Today we are going to show how you can open your own wholesale account and purchase Wellness Products at the same price as me.
- We will also show you how to use the **Home Essentials Kit**. As we go through keep a note of the oils and the ailments you are interested in.
- We will see everyone individually at the end to discuss your personal needs. Please keep your questions till then.

- There are door prizes for attending today. Can you please fill in your cards with name, phone and email? Your details will never be used without your permission.
- If your mobiles are switched on, please can they be on silent.

doTERRA Healing Hands Foundation™

doTERRA focuses philanthropic efforts through the doTERRA Healing Hands Foundation. Its mission is to bring healing and hope to the world, for lives free of disease and poverty, and ultimately to teach impoverished cultures to be self-reliant.

The foundation is supported by contributions from doTERRA Wellness Advocates, retail and preferred customers, company employees and executives, and others who share our vision. Donations are collected through monthly contributions, one-time contributions, and select product sales.

The Healing Hands Foundation has been involved in many projects, including the following:

- Micro-credit loans providing renewable funding for entrepreneurs in developing communities.
- Clean water wells and programs.
- Building and revitalizing schools and clinics.
- Medical equipment and resources for hospitals and clinics.

We are going to talk about:

- What essential oils are?
- Why dōTERRA?
- How to use essential oils.

Essential oils are naturally occurring aromatic compounds extracted from plants and are 50-70 times more potent than herbs. (**Wild Orange**).

DōTERRA tests for standards of purity and potency. They are free from fillers, contaminants and artificial ingredients.

You use essential oils in three ways:

- Aromatically – you can inhale directly or diffuse. (**Easy Air**).
- Topically – Powerful as one drop services every cell in your body. (**Ice Blue**).
- Internally – Add to water. (**Lemon**).

The essential oils work inside and outside of your cells to lessen stress, build your immune system and systemically support you.

We'll now talk about the oils in the **Home Essentials Kit**. (This is one of the best values when you start.)

Oils and blends in the kit (*ask questions on ailments and talk about personal experiences and get them to mark on their sheets ailments and oils that interest them*):

- Peppermint – uplifting and cooling.
- Lavender – soothing and easing.
- Frankincense – good for everything.
- Tea Tree – skin support.
- Oregano – our top shelf immune support.
- Lemon – cleansing and restorative.
- Ice Blue – sore muscles and joints.
- Easy Air – respiratory support.
- Digestzen – digestive support.
- OnGuard – everyday immune support.

How do I Establish a Foundation for Optimal Health?

- Take supplements monthly – Lifelong Vitality Pack for vitamins, minerals and trace elements your body needs.
