

Welcome to your new healthy lifestyle

Look your best; feel your best

Zendocrine™ Detoxification Complex

is a proprietary blend of whole-food based nutrients that can help promote healthy endocrine gland functions and the filtering of toxins from the body's systems.

TerraZyme® Complex

is a potent blend of food-derived enzymes and mineral cofactors that can aid in the digestion and absorption of critical nutrients that are lacking in many of today's diets.

Zendocrine™ Detoxification Blend contains oils that have been studied for their abilities to help support organ cleansing and healthy tissue function.

- **Clove** contains high levels of eugenol, which has been found to be an effective antioxidant.
- **Grapefruit** helps stimulate the adrenal glands and cleanse the kidneys and the lymphatic system.
- **Rosemary** is an antioxidant and has been used to help lessen the effects of endocrine disorders such as diabetes and stress-related chronic fatigue.
- **Geranium** helps with hormonal balance, liver and kidney function, pancreas support, and the discharge of toxins from the liver.

Life Long Vitality Pack Supplements combine essential nutrients and powerful metabolic factors to help increase longevity and total wellness.

Alpha CRS+® is a multi-nutrient supplement designed to increase cellular health, vitality, and energy.

xEO Mega® is a blend of essential omega fatty acids, the potent antioxidant astaxanthin, and powerful essential oils.

Microplex VMz™ is a unique multivitamin that combines natural vitamins and minerals with a complex of whole-food nutrients.
