

## What happens next?

Once you have discovered the power of essential oils, you won't want to be without them. You will start replacing your over-the-counter remedies, cleaning products and skin care with natural plant-based solutions. You will find all sorts of ways that oils will bring a positive change to you and your environment. We don't have total control over our toxic chemical exposure but we do have control over what we bring through our front door. They will become part of your daily routine and you will love them.

Opening a wholesale account means you will save a ton of money. If you want to create a business around doTERRA essential oils, that's great. I would love to have you as part of my team and I'll help you with all the information and support that you need. But you don't have to. There is no obligation. Signing up for a wholesale account simply means you are eligible for discount. That's it. Just like a wholesale Costco account. Like all online shopping, your products will be delivered straight to your door.

## Other kits?

The daily usage kit has a diffuser and the Essentials Collection Kit which is a miniature First Aid Kit. Plus you get to experience some of doTERRA's personal care products.

## What are essential oils?

If you have ever enjoyed the scent of a rose, you've experienced the aromatic qualities of essential oils. These naturally occurring, volatile aromatic compounds are found in the seeds, bark, stems, roots, flowers, and other parts of plants. They can be both beautifully and powerfully fragrant. In addition to giving plants their distinctive smells, essential oils protect plants and play a role in plant pollination. In addition to their intrinsic benefits to plants and being beautifully fragrant to people, essential oils have long been used for food preparation, beauty treatment, and health care practices.

## Why dōTERRA?

When you choose dōTERRA®, you are choosing essential oils gently and carefully distilled from plants that have been patiently harvested at the perfect moment by experienced growers from around the world for ideal extract composition and efficacy. Each dōTERRA essential oil is also carefully and thoroughly tested using the strict CPTG Certified Pure Therapeutic Grade® quality protocol. Experienced essential oil users will immediately recognize the superior quality standard for naturally safe, purely effective therapeutic-grade dōTERRA essential oils.
